1. Each Director is responsible for their own section so please arrive in plenty of time (eg 30+ minutes before).
2. Take turns with running CompScore. We only need one person in the scoring room.
3. Allow time for scoring/anomalies and end of the session, checking the kitchen -dishwasher emptied and turned off, room cleanup & lockup. Both Directors are responsible to check anomalies. Do this before the players go home so you can check with the players if something is odd.
4. Spare player please be available from 12:30 to help the Director to organise the players.
5. Don't match up solo players until you have a good handle on who is here.
